## **Small washroom? No problem – thanks to the new 'Compact' Hand Hygiene Bundle**

Operators of even the smallest washrooms can now install superior quality hand cleansers and towels, following the launch by KIMBERLY-CLARK PROFESSIONAL\* of the 'Compact' Hand Hygiene Bundle.

Included in the bundle are the new KLEENEX® 'COMPACT' FOAM HAND CLEANSER SYSTEM and the SCOTT® SLIMFOLD Hand Towel Dispenser.

These highly complementary products provide the ultimate space-saving solution for smaller washrooms in a range of locations, including offices, primary healthcare environments, and restaurants and cafés.

The new 'Compact' Hand Hygiene Bundle is one of the smallest available on the market and offers superb cost-in-use. The bundle is compatible with the high performance KLEENEX® luxury foam soap and the ultra-hygienic AIRFLEX\* Fabric range of hand towels.

The 'COMPACT' FOAM HAND CLEANSER SYSTEM offers high capacity with up to 500 shots per refill and delivers the perfect amount of soap for one hand wash each time. Each new pouch comes fully sealed with its own integrated pump to enable quick changeover and help prevent contamination. A hidden lock mechanism eliminates dirt traps.
