**Truvox demonstrates how to keep practice floors exceptionally clean  
at the London Vet Show**

***Truvox International is exhibiting at the London Vet Show at  
ExCel, London from 16-17 November.***

Visitors to Truvox International, on stand S13 in hall S3-S14 at the London Vet Show will see a range of floorcare solutions, including the Multiwash™ PRO; the Valet Battery Upright II and Valet Dual Motor Upright vacuum cleaners; the VTve and newly launched VTve Compact tub vacuum – an entry-level vacuum cleaner that offers excellent performance and is ideal for daily vacuuming.

“We understand that the floors in veterinary practices need to be exceptionally clean and hygienic, while also delivering an important positive first impression for pet owners,” says UK National Sales Manager Paul Robinson. “Our range of easy-to-use scrubber dryers and vacuum cleaners are perfect for removing pet hair and maintaining the condition of a wide range of flooring types, from entrance matting to visitor waiting areas, as well as in clinical zones.

“Visitors to the London Vet Show will have the opportunity to try selected machines from our ranges, which have a proven track record in the veterinary sector.”

**Multiwash™ PRO leaves floors ready to walk on in minutes**

The Multiwash PRO scrubber dryer range will effectively and easily scrub and dry on hard floors, carpets and entrance matting, leaving floors clean and ready for customers and staff to safely walk on. More hygienic than using a mop and bucket, these machines are powerful and easy to use and maintain. With an easy to fill and empty 4 litre tank as standard, there are optional accessories including a side brush to clean right up to the edge and a 7 litre tank for maximum efficiency.

### **Achieving vacuuming excellence**

“When it comes to vacuum cleaners, our focus is on manoeuvrability, coupled with high-performance,” says Paul Robinson. “On show will be the popular VTve tub vacuum cleaner which offers easily transportable great performance; the Valet Battery Upright II, which is ideal for daytime cleaning where power is not easily accessible; and the Valet Dual Motor Upright, both have a rotating brush roll, ideal for picking up pet hair on carpets and hard floors.

### **Introducing the VTve Compact**

“Following the success of the VTve tub vacuum, Truvox has responded to customers’ requirements for an entry level vacuum, so we will also be demonstrating the newly launched VTve Compact tub vacuum for the first time at the London Vet Show. It offers excellent performance and is ideal for daily vacuuming.

“Weighing only 5.4kg, the VTve Compact is light and manoeuvrable, easy to move between cleaning jobs and easy to store.”

### **Maintaining perfect flooring throughout your veterinary practice**

To see how you can ensure hygiene and cleanliness while maintaining perfect flooring throughout your practice, visit Truvox International on stand S13 in hall S3-S14 at the London Vet Show, from 16-17 November.

Ends

*Truvox International's Multiwash™ PRO range is ideal for ensuring deep cleaning in a veterinarian environment.*

**Notes for Editors:**

**About Truvox International**

Truvox International is a leading global manufacturer and supplier of commercial and industrial floorcare machines, based in Southampton, England.

From the production of its first electrical polishing machines in the early 1960s, Truvox has successfully expanded both its product range and its geographic reach to a point where it is now recognised in over 70 countries worldwide.

Truvox International has a wide range of well-established brands including Orbis rotary burnishers, Hydromist carpet extractors, Valet vacuums, Multiwash scrubbers and Cimex three brush technology.

In 2007, Truvox International became part of the Tacony Corporation, based in St Louis, Missouri, USA. Tacony Corporation has three core divisions: Commercial Floorcare; Home Floorcare; and Sewing.
