

Truvox International partners with Pacvac and introduces the Valet Backpack PRO Battery

Truvox International are excited to be entering into an OEM partnership with Pacvac, Australia and are expanding their popular dry vacuum range with the introduction of the Valet Backpack PRO Battery – a cordless backpack vacuum which delivers powerful performance and effortless manoeuvrability in confined areas – ideal for use in education, retail, leisure, and facilities management.

Weighing just 5.7kg including batteries, the Valet Backpack PRO battery is lightweight, easy to use and is designed for all day comfort. The built-in 'Ecoharness' features three levels of height adjustability, comfortable thick padding and a breathable mesh backing, which allows for even weight distribution, while supporting the back and shoulders for personalised comfort. Plus, the harness is made from 50% recycled plastic, reducing environmental impact without compromising durability.

The Valet Backpack PRO Battery delivers effective and effortless cleaning in hard-to-reach areas with a choice of either standard or boost modes and features 4 stage filtration with a Hypercone™ filter for cleaner air quality.

With no trailing cables, the Valet Backpack PRO Battery minimises the risk of trips and slips. The lithium-ion batteries deliver 40 minutes of runtime, with just 1 hour 45 minutes to full charge. Plus, the battery life display and quick-release battery system ensures minimal downtime for users.

“Across any environment, the Valet Backpack PRO Battery gives users the freedom to focus on the most important cleaning tasks - especially in hard-to-reach areas,” says Gordon McVean, Executive Director, Truvox International. “We’re proud to partner with

Pacvac, a global leader in vacuum innovation, and we're excited to continue growing our businesses together."

The Valet Backpack PRO Battery comes complete with two batteries plus the charger, and is supplied with a full accessory tool kit, including: hose; telescopic wand; an all-purpose floor tool; and small tools such as a crevice tool, dusting brush and upholstery tool.

"Pacvac is incredibly proud to enter into this strategic OEM partnership with Truvox International. Seeing the Valet Backpack PRO Battery come to life in the Truvox branding is a testament to our shared commitment to innovation and excellence in the floorcare industry. We are excited to support the Truvox team as they bring this powerful, cordless solution to their extensive network across the UK, Europe, and EMEA," says Donna Rothwell, Executive Director, Pacvac.

See and try the Valet Backpack PRO Battery at Interclean Amsterdam

Truvox International will be premiering the Valet Backpack PRO Battery dry vacuum with two other new products – the Valet Aqua range, and Hydromist® 40 carpet cleaner – alongside its other established, proven and popular floorcare solutions including the Multiwash™ PRO range at Interclean Amsterdam in April.

Notes for Editors:

About Truvox International

Truvox International is a leading global manufacturer and supplier of commercial and industrial floorcare machines, based in Southampton, England.

From the production of its first electrical polishing machines in the early 1960s, Truvox has successfully expanded both its product range and its geographic reach to a point where it is now recognised in over 70 countries worldwide.

Truvox International has a wide range of well-established brands including Orbis rotary burnishers, Hydromist carpet extractors, Valet vacuums, Multiwash™ scrubbers and Cimex three brush technology.

In 2007, Truvox International became part of the Tacony Corporation, based in St Louis, Missouri, USA. Tacony Corporation has three core divisions: Commercial Floorcare; Home Floorcare; and Sewing.
