

Truvox International launches the Valet Backpack PRO in partnership with Pacvac

Truvox International has extended its OEM partnership with **Pacvac Australia** and expanded their popular dry vacuum range with the introduction of the Valet Backpack PRO – a corded backpack vacuum that gives the freedom to move effortlessly while delivering powerful performance, boosting productivity and ensuring a thorough clean in large spaces.

This follows the launch of the Valet Backpack PRO Battery at InterClean Amsterdam 2026.

Ideal for use in education, retail, leisure, and facilities management, the easy-to-use Valet Backpack PRO is lightweight – weighing just 5.2kg – and is designed for all day comfort, therefore reducing fatigue. The built-in adjustable 'Ecoharness' delivers a personalised, supportive and comfortable fit. Plus, the harness is made with 50% recycled materials, reducing environmental impact without compromising durability.

"We're proud to continue our partnership with Pacvac Australia, a global leader in vacuum innovation, and we're excited to continue growing our businesses together with new products," says Gordon McVean, Executive Director, Truvox International. "Across any environment, the Valet Backpack PRO delivers versatility as users can easily switch surfaces seamlessly with the onboard tools including dusting brush, crevice and upholstery tools.

"We have now introduced a total of six new floorcare solutions this year, including the Valet Aqua range, our Hydromist® 40 carpet cleaners, and the Valet Backpack PRO Battery. These exciting new products join other well-established solutions such as the popular Multiwash™ PRO range."

The user-friendly Valet Backpack PRO features an easy to reach on/off switch and the lid can be rotated to suit left or right-handed users. Effective on both carpets and hard flooring, the Valet Backpack PRO features four stage filtration for cleaner air quality. The Valet Backpack PRO is supplied with a full accessory tool kit, including: hose; two-piece wand; and all-purpose floor tool.

“Pacvac is proud to extend its strategic OEM partnership with Truvox International. Seeing the Valet Backpack PRO and Valet Backpack PRO Battery come to life in the Truvox branding is a testament to our shared commitment to innovation and excellence in the floorcare industry. We are excited to support the Truvox team as they bring this latest cleaning solution to their extensive network across the UK, Europe, and EMEA,” says Donna Rothwell, Executive Director, Pacvac.

Notes for Editors:**About Truvox International**

Truvox International is a leading global manufacturer and supplier of commercial and industrial floorcare machines, based in Southampton, England.

From the production of its first electrical polishing machines in the early 1960s, Truvox has successfully expanded both its product range and its geographic reach to a point where it is now recognised in over 70 countries worldwide.

Truvox International has a wide range of well-established brands including Orbis rotary burnishers, Hydromist carpet extractors, Valet vacuums, Multiwash™ scrubbers and Cimex three brush technology.

In 2007, Truvox International became part of the Tacony Corporation, based in St Louis, Missouri, USA. Tacony Corporation has three core divisions: Commercial Floorcare; Home Floorcare; and Sewing.
